

Bay Area Medical Countermeasures Plan Update

UASI Approval Authority Meeting
14 July 2016

Dr. Erica Pan

Alameda County Public Health

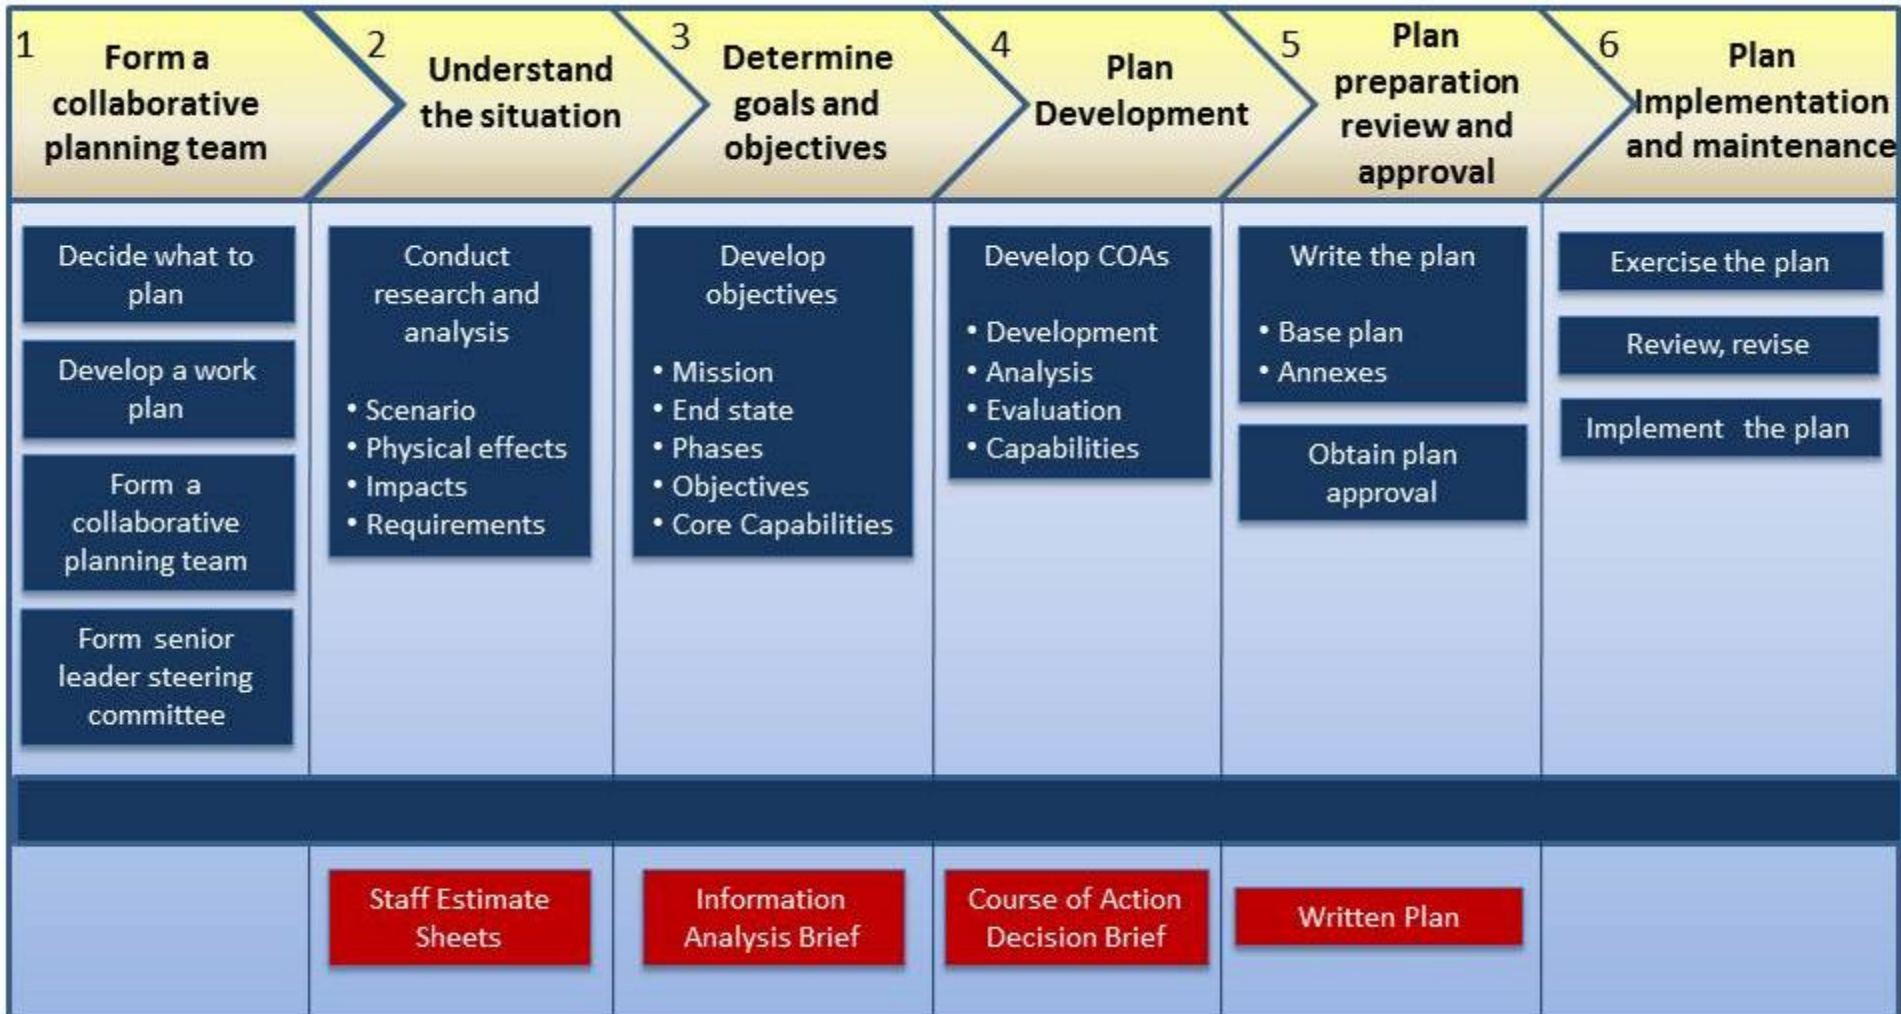

Director, Division of Communicable Disease Control & Prevention
and Deputy Public Health Officer

Background

Executive Order 13527 - Sec. 3. Federal Rapid Response.

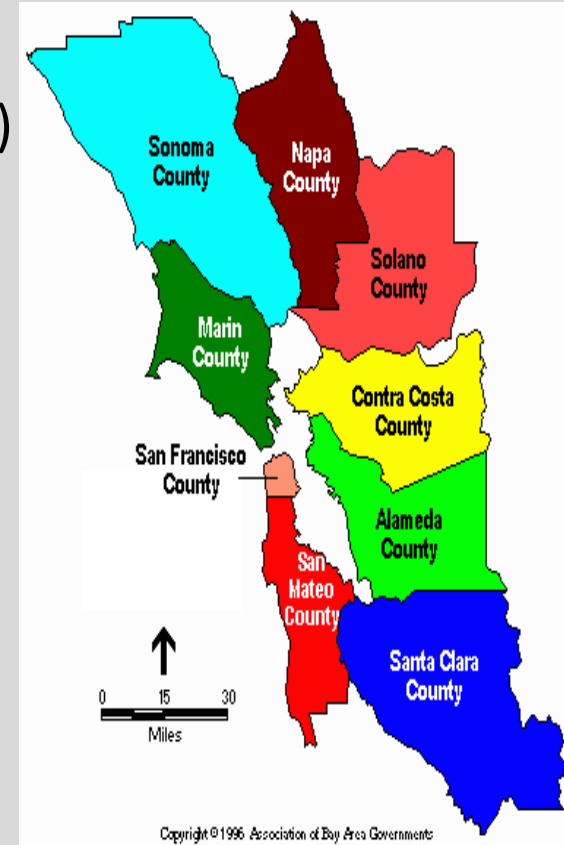

(a) The Federal Government must develop the capacity to anticipate and immediately supplement the capabilities of affected jurisdictions to rapidly distribute medical countermeasures following a biological attack. Implementation of a Federal strategy to rapidly dispense medical countermeasures requires establishment of a Federal rapid response capability (2009).

Planning Process

Bay Area Stakeholder Engagement

- Attended over nine FEMA IX planning meetings
- Twelve Bay Area jurisdictions engaged through:
 - Association of Bay Area Health Officers (ABAHO)
 - Public Health Preparedness (PHP) work group
 - Bay Area Mass Prophylaxis Work Group (BAMPWG)
- Coordinated with current City Readiness Initiative plans
- Bay Area best practices included from:
 - Annual exercises
 - Multi Agency Coordination Guides
 - Incident Response Guides
